SUMMARY

A second-year B.Tech Information Technology student at Saveetha Engineering College. As an active member and coordinator of the Coders Club, I have organized technical events and coding competitions, showcasing strong leadership and teamwork skills. I have hands-on experience in web development through in-plant training and have worked on innovative projects involving AI and C programming. My dedication to learning, academic excellence, and passion for solving real-world problems through technology define my professional aspirations.

EXPERIENCE

12/2024 to 02/2025   Arjun Vision Tech - Internship Training

- Currently interning in Full Stack Development, where I am actively contributing to the development of dynamic and responsive web applications. My work involves utilizing front-end technologies as well as back-end frameworks.This internship is expanding my technical expertise and strengthening my problem-solving skills in a real-world development setting.

06/2024 to 07/2024   DLK Technologies Pvt Ltd - In-Plant Training

- During the training, I gained hands-on experience in building websites, learning core web technologies such as HTML, CSS, JavaScript, and backend integration. This experience enhanced my practical knowledge of web development and introduced me to industry practices, further fueling my passion for creating innovative web solutions.

SKILLS

- Deadline management
- Inventory management
- Person-centred practise
- Critical observation
- Public speaking
- Leadership

EDUCATION

Graduation in 2027
B.Tech (Information Technology) - Saveetha Engineering College
- With a strong passion for technology, I am actively developing my skills in areas like web development, coding, AI, and full-stack development. I am involved in various technical events and competitions as a member and coordinator of the Coders Club, constantly enhancing my problem-solving and leadership abilities. My academic pursuits and hands-on experiences drive my ambition to pursue a career in web development and technology-driven solutions.

- COORDINATOR IN CODER'S CLUB : I am a coordinator of the **Coders Club** at Saveetha Engineering College, where I actively contribute to organizing and participating in technical events, coding competitions, and collaborative learning initiatives.

CERTIFICATES

- **Hackathon Participation Certificates –** For working on problem statements such as AI-Enabled Real-Time Disaster Response and Predictive Healthcare for Early Disease Detection in IBM .
- **Event Coordination Certificates –** For organizing and managing technical events, coding competitions, and workshops as part of the Coders Club.
- **NPTEL Certification –** In Social Networks
- **Participation Certificate –** Tata Imagination Challenge 2024: Student Track, organized by Tata Group, showcasing creativity and problem-solving skills in the competition.
