## OBJECTIVE

---

As a dedicated and highly motivated student specializing in Artificial Intelligence, Machine Learning, and Cybersecurity, I am seeking an internship or entry-level position where I can leverage my technical skills, analytical abilities, and enthusiasm for cutting-edge technologies. My goal is to contribute to innovative projects, solve complex problems, and gain hands-on experience in developing secure, intelligent systems. I aim to apply my knowledge in AI/ML algorithms and cybersecurity protocols to drive impactful solutions and advance in the field.

## EDUCATION

---

**Bachelor of Engineering (Cyber security)**, Saveetha Engineering College

2023 - 2027

## SKILLS

---

Web Design

Soft Skills

Security Tools

## PROJECTS

---

**AES-Algorithm.** Developed and integrated AES (Advanced Encryption Standard) for secure data encryption, Utilized Python's "**Cryptography**" library for robust and efficient encryption/decryption processes and for more details, contact GitHub!

## EXTRA-CURRICULAR ACTIVITIES

---

- Actively write [blog posts](#) and social media posts ( [Instagram](#)).
- **Coders Club Member:** Participated in workshops and simulations to stay current with security trends and practices.

## LEADERSHIP

---

- **MD, IPSQ:** Spearheaded a student-run cybersecurity organization, driving strategic initiatives, managing a team, and coordinating events to advance cybersecurity education and awareness. ([website](#))
- **Project Lead:** Directed a team of peers in developing and implementing cybersecurity solutions, overseeing project timelines and deliverables. Project Page! ([Try it here](#))
- **Event Coordinator:** Organized and led workshops and seminars on cybersecurity topics, **Codefest**.
